

WE COVER UP COSTS

— We are PROFLEX —
**Long Lasting, Maintenance Free &
Cost-effective Roofs**

Proflex Roofs are very fast to install, they last for almost 30 – 40 years and requires zero maintenance, resulting in substantial savings of your monies.

Proflex uses innovative American technology that facilitates 100% on-site fabrication and installation, giving incredible installation speeds of around 2000 sq. mts. In just 12 hours. Proflex Roofs are made of high quality, structural grade, pre-coated Galvalume steel, requiring zero maintenance. More so Proflex Roofs with their non-combustible qualities and higher tensile strength last for a very long period of time.

All these lead up to faster turn-around of project and huge savings of any maintenance expense, covering up your critical capital and recurring expenses.

Unobstructed Large Spans up to 35 mts. | 100% Leak Proof | Aesthetically Appealing
